

Kerry Class

This term we are looking at the festivals Diwali and Christmas.

We have looked at Bonfire Night and the rules that we need to follow when near fireworks. We loved pretending to be a firework outside! We loved trying Pumpkin soup and looking at the inside of a Pumpkin! It was very slimy and cold!

2nd-16th April	Easter Holidays
19th April	Summer Term starts
3rd May	May Day
31st May—4th June	Half Term
16th July	Close for Summer

Clee Class

In Clee Class we have started our new topic Night and Day. This term we look forward to learning about Diwali and Christmas celebrations, alongside a couple of focus stories- Rama and Sita, and Owl Babies. So far, children have been learning lots about shapes. We have completed some shape games and activities. Children have been using mathematical language to describe these shapes. Children have also enjoyed playing with some new resources that we have had. Take a look at children playing in our new water tray and sensory tray.

Onny Class

As part of our Geography work this half term, we are finding out about toys from around the world. As a class we learnt a very catchy song about the seven continents. Ask your children if they can sing it to you. We've looked on a map and located the United Kingdom. Then our first stop around the world was Ghana. We found out that Ghana was in Africa and that the children play a game called Ampe. The children had great fun learning how to play it and played Ampe with their friends.

Croft Class

In Croft class at the moment we are learning about poetry! We have read lots of different poems and given them scores for how much we enjoyed them. We worked with our friends to perform one of the poems by using our voices and adding in actions. We also have some exciting news! The children have access to lots of new reading books on 'Bug Club'. I know lots of children have already had a go and are starting to collect lots of coins which they can spend in the online

Woolston Class

As always we have been very busy in Woolston class! We have been preparing our debating skills ready to give a television report next week all about the stone age town of Skara Brae! We have also started our next science topic of Light! For our first week we began the process of building our own shadow puppet theatres. A big thanks to all that bought in a cardboard box for us to use!

Norton Class

This term we have been looking at some of the autumn traditions that we celebrate in the UK.

Conkers is a fantastic game that children love to play. The children have been researching about what conkers are, what they are used for (apart from playing with) and how

to make your conker a winner.

We have also been finding out about

Bonfire Night and the gunpowder plot. The children have produced some amazing art work and been intrigued with the Gunpowder plot.

Callow Class

In Callow class we had a 'Remembrance celebration' day. We had a whole day around remembrance activities. The children listened to an assembly by Tom Palmer, who was the author of our last class novel. We then made our own poppy brooches. Afterwards we enjoyed doing some art work where we had to fill in the missing pieces of the picture. At 11.00 the children observed the 2 minute silence outside which was very sombre.

It was such a lovely day and the children were all so well behaved.
