

Remote Learning Policy

RATIFICATION: Autumn 2024

DATE OF NEXT REVIEW: Autumn 2025

REVIEWED BY: Executive Headteacher

APPROVED BY: Local Governing Body

1. Aims

This remote learning policy for staff aims to:

- Ensure consistency in the approach to remote learning for pupils who aren't in school
- Set out expectations for all members of the school community with regards to remote learning
- Provide appropriate guidelines for data protection
-

2. Use of remote learning

All pupils should attend school, in line with our attendance policy. Remote education is not viewed as an equal alternative to attendance in school.

We will consider providing remote education to pupils in circumstances when in-person attendance is either not possible or contrary to government guidance.

This might include:

- Occasions when we decide that opening the school is either:
 - Not possible to do safely
 - Contradictory to guidance from local or central government
- Occasions when individual pupils, for a limited duration, are unable to physically attend school but are able to continue learning, for example because:
 - They have an infectious illness
 - They are preparing for or recovering from some types of operation
 - They are recovering from injury and attendance in school may inhibit such recovery
 - Their attendance has been affected by a special educational need or disability (SEND) or a mental health issue

The school will consider providing pupils with remote education on a case-by-case basis.

Remote Education will consist of a mix of live lessons as well as independent work. Lessons will be accessible and clearly adapted. On a day in which Remote Learning is being undertaken then the school day will begin with a live lesson in which the class teacher will introduce the day's learning and lessons. There will be an afternoon live lesson to introduce the afternoon's lessons also.

Lessons and resources will be shared via Tapestry which is an Online Learning Journal. All children are signed up to Tapestry when they first join Stokesay Primary School. Live Lessons will be completed via Microsoft Teams.
